

Multi-tiered System of Supports

Systems Change – Day 1

8:30am-4:00pm

OVERARCHING OBJECTIVES: At the end of this 4-day training, participants will be prepared to:

- Create an integrated school infrastructure to support the implementation of MTSS to increase academic engaged time and in turn student achievement.
- Build consensus on staff beliefs and commitment.
- Effectively use data to evaluate progress at least quarterly and modify practice as indicated by data.
- Use the problem solving model to identify effective practices and infrastructures for schools.
- Utilize data to make midcourse corrections aligned to SIP process.
- Build capacity and apply implementation of MTSS within current infrastructures (i.e., PLTs, Scheduling, Committees).
- Increase performance of all students.

TODAY'S LEARNING OUTCOMES: By the end of Day 1, participants will:

- Use common language to articulate the connection of MTSS to current district wide initiatives.
- Analyze and evaluate beliefs to improve overall student achievement.
- Evaluate school's consensus, infrastructure, and implementation for systems change.
- Use the SAM to determine current level of implementation.
